BIBLIOMANIA n.- An intense passion for collecting and owning books.

Our first Mail Bid Sale of 1990 gives me an opportunity to wish each of you a Happy and Prosperous New Year.

It was certainly a busy and hectic past few months for Function Associates. Our move to Florida was time consuming and involved some careful packing and transporting of our large stock of Numismatic Literature. During our several trips back and forth along the Eastern Seaboard, we were able to stop and visit with several friends and collectors. These trips also enabled us to personally pick up and move a number of libraries from our consignors to this sale.

Of particular note was our visit to the home of Jesse M. Miller in North Carolina. Mr. and Mrs. Miller are gracious hosts and their rather eclectic collecting experience provided several hours of fascinating diversion.

Mr. Miller, whose library is featured throughout this Sale, began collecting coins in 1914. He tells of ordering 10 different foreign coins from Garold W. Tapp of Greer, S.C., for the princely sum of 25¢. From Norman Shult of Salt Lake City he would obtain a half-cent piece (dated in the 20s) in Uncirculated Condition for 35¢ and later, when he had more money, was able to acquire an 1803 half-dime and an 1856 Flying Eagle cent for \$2.50 (again in Unc.). He had many dealings with M.H. Bolender of Freeport, Ill. This relationship began in 1929 and in the middle 60s Mr. Bolender visited Jesse on the Blue Ridge Parkway in North Carolina. Bolender had retired and was visiting customers who had done business with him for thirty years or more. Jesse Miller has many stories and is still an avid collector.

From our other consignors you will find a broad range of categories and subject matter. The catalogs featured in the European section are remarkably beautiful in their presentations. I believe the "Redbooks" and "Bluebooks" , which are much in demand, are a worthwhile investment providing information and appreciation in value.

A note to those of you who choose to phone in a bid on the closing date. We will accept phone bids with the following condition: If your bid is not a winning bid you will be so informed. A second bid will be accepted on that particular lot, but there will be no reduction in that bid, should it be a winning bid.

REMEMBER TO USE THE LETTER-NUMBER COMBINATION WHEN BIDDING!!!

Thanks for your business and "Good Luck!".
Fred L. Lake - Function Associates

TERMS OF SALE

1. This is an unrestricted Mail Bid Sale. All lots will be sold to the highest bidder. Enter your bid by lot number. Please feel free to bid as much as you wish on each lot, with the realization that all bids will be treated as limits and all lots will be sold below these bids as competition dictates. Bids that are not entered in good faith or are totally ridiculous will be refused at the cataloger's discretion.
2. Closing date for this sale is Saturday, Jan. 27, 1990 at 6:00 PM EST
3. Bidders who are unknown to us are requested to supply two(2) bank or trade references prior to sale or submit a deposit equal to twenty-five percent(25%) of their total bid.
4. A Ten Percent (10%) Buyer's Fee will be added to each lot won. A packing charge of fifty cents per lot plus shipping charges will also be added.
5. **TERMS:** Strictly cash, payable in U.S. funds. Payment is due upon notification of successful bids. Title to all lots remains with the cataloger until paid for in full. Delivery may be postponed until full payment is received, at the discretion of the cataloger.
6. Unsuccessful bidders will be notified by mail in a prompt manner. We recognize the importance of liquidity of funds and will return deposits on a priority basis.
7. A prices realized list will be mailed to each person receiving this catalog. This is being done to ensure widespread dissemination of market information.
8. Mail Bid Sales are not approval sales. No lot may be returned without written authorization and this must be requested within three days after receipt of lots purchased.
9. All books are as described. Any errors or typographical mistakes will be happily corrected.
10. A Florida 6% Sales Tax will be added to all lots delivered within Florida, unless a valid resale number is on file with us.
11. The cataloger has attempted to describe the condition of each lot as to signs of wear. If no descriptor is noted, it may be assumed that the lot is in Fine(F) to Very Fine(VF) condition.
12. "Good Luck in your bidding."

SOTHEBY & COMPANY
(London)

The following sixty-five lots of sale catalogues, issued by Sotheby & Co., contain a wealth of information respecting Ancient, Greek, Roman, Foreign, World, Medals, Paper Money, Commemoratives, etc. They are all in attractive condition, being VF+ to Near Mint. There is a bit of hand-pricing in the text and plates, but neatly done and not objectionable. Most contain the original Prices Realized (complete with buyer's names in the early renditions). Rather than indicating an auction price estimate for each lot, a price range of \$3.00 to \$10.00 per lot is suggested. Lot B66 will give you an opportunity to bid for the entire collection.

EUROPEAN AUCTION CATALOGS

The lots in this section are arranged by auction house and feature catalogs that contain coins of the World, Ancients, Greek, Roman, Byzantine, Medieval and others. Where appropriate to this category, you will find those U.S. firms that specialize in this collecting area. These publications are usually very beautifully illustrated and provide the collector with a wealth of information at a cost which is still quite reasonable.

U.S. PRICE GUIDES

This section of our catalog is devoted to the ubiquitous "REDBOOK" and "BLUEBOOK". These comprehensive pricing guides (the brainchild of Richard S. Yeo) have found their way into more homes worldwide than any other publication relating to the field of Numismatics. Collectors of complete sets abound! They make a handsome addition to any library since they are of uniform size, vibrant red and blue in color, and fine gilt lettering. These lots offer the collector a variety of ways to acquire a set. We begin with a complete set of "REDBOOKS", continue with a short set and then the individual issues are represented. You will find descriptions to be as detailed as possible. Our grading standards for these books are at their sharpest definition.
